

EYFS Home Learning ideas Spring term 2021

LITERACY

1. Practise reading the taught sounds, actions and Sunny and Tricky words (use the homework sheets and ideas from the workshop) Remember to use finger phonics!
2. Try these useful websites
<https://www.phonicsplay.co.uk/>
<https://www.youtube.com/watch?v=qTqfptkcpcY> (Jolly Phonics)
3. Observe your child writing their name, ensuring accurate pencil grip and correct letter formation.
4. Practise writing the taught letters and linked words accurately, remembering to start in the correct place and hold the pencil properly.
5. This term we are learning 'Peace at Last' by Jill Murphy. Share this book and discuss Mr Bear's disturbed night. Discuss other noises that could keep him awake. Draw pictures of things that could keep your child awake and add labels/caption/sentence (support as necessary, according to your child's ability)
6. Share a variety of other books, spotting taught sounds and sounding out words together.
7. Access EPIC! online <https://www.getepic.com/students> class code: vve4699
8. Discuss events, characters and how they may be feeling, reasons for their actions, etc
9. Draw a picture of your favourite character or part in a story and write a label, caption or short sentence (support as necessary, depending on your child's ability)
10. Share traditional tales. Have a mini quiz afterwards to see how much of the story your child remembers. We do this in class with points! Maybe your child can ask you questions too!
11. Recite nursery rhymes together. Add some signs/actions and maybe perform and record for a Seesaw video!
12. Join in with the Barefoot books/songs on utube
13. POBBLE 365 www.pobble365.com
 New picture prompts and writing tasks are uploaded onto here every day. The images are great for discussion and stimulating children's imagination and developing language and communication.

Have fun learning ! Mrs Tate ☺

MATHS EYFS Home Learning ideas Spring term 2021

Count up to 10/20 forwards and backwards. In class we chant and sing in various ways, eg; whisper, sing, use loud, posh, growly, bored, squeaky voices or speak like the Queen! I wear a crown and have a Royal pointy stick! Be inventive or get your child to think of different ways!

Sing counting songs which involve subtraction, eg; 10 in a Bed, 10 Green Bottles

Show the decreasing amounts on your fingers or use actual items (eg; draw and colour 10 green bottles that your child can move as they sing the song or put 10 toys under a blanket)

Join in with counting with Jack Hartman number songs on utube

Recognise and order numbers (1-10 11-20)

eg; Write numbers 1-10 on a large strip of paper, cut up and child has to place in the correct order. Stick/write numbers on toys and child lines them up accurately.

Play Scatter and Sort- scatter 10 numbered items around room or garden and child has to find them and order accurately as quickly as possible! Provide 2 sets of numbers if 2 people are playing and they can race against each other!)

Select a specific number of items to correspond with the adult's chosen number or point out number on a number-line or select a number card (eg; give me 7 pegs. Place 1 more than 5 cars in the box. Where is the number 10 ? Find me the number 1 more than 8. Point to the number which is 1 less than 9.)

Match correct numbers, eg; labelled numbered vehicles and numbered parking bays on a big sheet of paper. Or labelled numbered animals to be placed in matching numbered areas in the living room. Find your partner/pairs games with numbers.

Play (and sing!) Double Double activity with 2 dice. ("Double, double, jump, jump! Double, double, pump, pump! Double, double, bump, bump! Double, double, rump, rump!")

Add 2 numbers on 2 dice together and write the number sentences. Use apparatus, number line and fingers/toes to count on.

Play a variety of board games to practice turn taking, counting and following rules. Make sure your child loses sometimes!

Spot shapes at home and in the garden. Draw the items and write a label, plus the shape name.

Explore sand timers and the second hand on a clock, timer on mobile phone.

What can you do in ONE minute? eg; how many star jumps, run and touch the sofa and back again, jump up high, bounce a big ball, hop, catch a beanbag, make playdoh balls, write your name, numbers to 10, make towers of 5, etc. Your child could also think of their own challenges and you can compete against each other or siblings.

Make Big Ben with construction resources. Make analogue clock with paper and cardboard with moveable long and short hands. Find o'clock times together.

PE ART & DESIGN EYFS Home Learning ideas Spring term 2021

PE

Daily Physical Exercise: Click on this link to access a workout with the Body Coach each morning
<https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ>

Shake Up and Wake Up sessions on utube, eg; Go Noodle, Just Dance, The Learning Station
https://www.youtube.com/watch?v=NwT5oX_mqS0&list=RDEm2Ob00s5kK9g9ZnL14OdxKQ&index=1

'Cosmic Yoga with Jamie' on utube <https://www.youtube.com/user/CosmicKidsYoga>

Practise getting undressed and dressed independently

Practise shirt buttons and turning inside out clothes the right way!

Can you beat the sand-timer and get dressed in 3 minutes?

ART & DESIGN

Teach your child how to make a simple snack, peel and cut up fruit and vegetables, butter bread or toast, weigh and mix ingredients (great fine motor skill practice)

Draw an accompanying picture of the process and write a label/caption/sentence

Developing fine motor control activities;

Playdoh, plasticene, clay

Sand play- wet and dry

Threading activities

Cutting and sticking activities

Painting and printing with different sized brushes, sticks, cotton wool, fingers, corks, cut up vegetables, etc

Mark making with a variety of resources, eg; felt tips, colouring pencils, big and small chalks

Have fun learning ! Mrs Tate ☺
